# CAR HOLDER

**2024 PRODUCT CATALOG.**

ANA SAYFAYA DÖN

## H10

### MAGNETIC CAR HOLDER

- Magnetic Phone Holder which consists of two parts is able to be ready to use shortly by attaching one part to the phone and the other part to the place where you would like to fix in the car.
- Thanks to the advanced tape technology used on the application apparatus, the adhered surfaces are able to be easily cleaned and leave no traces.
- The strong magnet, attached to the back of the phone, can easily cling not only to the apparatus but also to metal surfaces.
- Compatible for all brands of mobile phones.
- Thanks to the strong band on the back of the phone holder, you can fix it to wherever you would like. Thanks to its strong magnet, it prevents slipping and falling of your phone.
- Your phone is able to cling to the holder by touching at one point of it and it is very easy to take back it.

## PH36

### MAGNETIC CAR HOLDER

- Thanks to its small and flexible design, it is easier to install than all magnetic holders.
- You can place and remove your device with one hand.
- Eight embedded magnets can hold your device in all road conditions.
- You can rotate your phone 360 degrees according to your needs.
- It does not scratch your device thanks to its non-slip and soft silicone material.
- Before gluing the product, make sure the surface is clean and dust-free.

## PH38

### MAGNETIC CAR HOLDER

- Thanks to its small and flexible design, it is easier to install than all magnetic holders.
- You can place and remove your device with one hand.
- Five embedded magnets can hold your device in all road conditions.
- You can rotate your phone 360 degrees according to your needs.
- It does not scratch your device thanks to its non-slip and soft silicone material.
- With its elegant and stylish design, it does not interfere with the air outlet of your vehicle.
